name and personal address for me, as follows:

Schaff, Adam

WARSZAWA

Litewska 10/27

He wants me to mail him catalogues of books in the fields of Philosophy, and all the Social Sciences. He suggested I send the catalogues to his personal address and not to the Academy of Science, of which he is a member. I gave him my card and invited him to my Library, but he said he was leaving and had no time.

He appeared to be about 50 years old, dark eyes and dark hair, about 5 feet 10 inches tall, and weight about 160 lbs.

Enclose list of participants of the I.P.S.A. Congress just concluded in Stockholm. Note the Russian and Polish participants.

I was taken to a cocktail party of I.P.S.A. on the closing evening of the sessions by Phillip Lorraine because he told me about two Polish Professors he had met there the day before. At the party he introduced me to one of them, Professor ~~Mr~~ Adam Schaff, with whom I had a private chat of about 15 minutes. He wanted to know about my impressions of Poland. I tested him in a few minor points and he responded in the usual bland, "frank", and argumentative manner of one who is either wholly committed to the regime or else has accepted it to maintain his own position. For instance, in response to his query about my sale of books to Poland, I said that our books in Philadelphia had been bought with the exception of Logic. This aroused him, although he knows as well as I that ~~the~~ Logic has not yet been accepted by the communist thinkers. Similarly I aroused him by saying that the Polish Book Trust, for a reason unaccountable to me decided not to buy certain books dealing with Middle Eastern and Arabic studies. This might have been pure caprice on the part of the Book Trust, but Prof. Schaff began to make an issue of it,

Nevertheless, I do not want to convey the impression that we spent our time in arguing. On the contrary, it was pleasant, and the air was full of compliments. The occasional barb only added a tang to the atmosphere. He wrote down
